Dear Editorial Board of Healthmed Journal of Pharmaceutical Sciences

Please find enclosed the manuscript: **“Combination Chemotherapy for Cancer Treatment: a cross-sectional study on Bangladeshi people at NICRH”**, by Shahenul Islam et al, to be submitted as an original research article to Healthmed Journal of Pharmaceutical Sciences. All co-authors have seen and agreed with the contents of the manuscript and there is no financial interest to report.

We certify that the work described has not been published previously, that it is not under consideration for publication elsewhere and that, if accepted, it will not be published elsewhere. Based on the scientific literature, this review discusses the current and future applications of pharmacogenomics in clinical cancer therapy and cancer drug development in treating different cancers. This study may pose an interesting pharmacophore suitable for lead generation for managing different cancers by combination chemotherapy.

We hope that the editorial board and the reviewers will agree on the importance of this study.

Sincerely yours,

Shahenul Islam

On behalf of the authors.
